

10 Warning Signs of Hearing Loss

If you experience these warning signs repeatedly or in combination, they may indicate a hearing loss.

1. People seem to **mumble** more frequently.
2. You experience **ringing** in your ears.
3. You often ask people to **repeat** themselves.
4. Your family complains that you play the **radio or TV** too loudly.
5. You no longer hear normal **household sounds**, such as the dripping of a faucet or the ringing of a doorbell.
6. You have difficulty understanding a conversation when in a **large group or crowd**.
7. You have trouble understanding all the words in a **conversation**.
8. You find **telephone** conversation increasingly difficult.
9. You have **trouble** hearing when your back is turned to the speaker.
10. You have been told you **speak too loudly**
